Who We Are

We are a young tech-driven trade and product export. We work with independent international food and beverage brands on their Indonesian market, providing a full-service solution from and launch to supply chain management and marketing campaigns.

A brand import start-up with the aim, on the one hand, to democratize the Indonesian commodity production and with the vision to make our farmers famous and directly connected to the buyers.

Our team connects food and lifestyle industry expertise with technical proficiency and efficiency, creating scalable and customizable tracking and verification solutions that meet business needs.

Together will be in a position to make intelligent and impact-ful decisions based on accurate and complete data from a single, secure source of truth.
