

ARGO PANTES

Argo Manunggal Group Textile Division

Vision 2020

March 15, 2019

"To Excel in whichever Segment we do Business in".

About Us

Established in 1949 by Mr. The Ning King the Group has grown from a Textile Trading company to conglomerate with interests in Textile, Steel, Poultry, Property, Mining, Energy, PVC piping, Insurance, Plantation, etc.

We envision global vision and worldwide distribution. We employ over 22,000 people in more than 80 factories and businesses throughout Indonesia. Our Annual Revenue is in excess of US\$1,2 billion per annum. About 50% of production is exported.

The group is highly competitive, and has been very successful in adapting to new markets and business challenges, both locally and overseas.

As one of the largest integrated Textile Producers in Indonesia, PT. Argo Pantes was the first textile company to be listed on the Jakarta Stock Exchange on January 7th 1991.

Consolidated Textile Platform for the Textile
Group

Vision 2020

OUR VISION

We are Indonesia's premium one stop shopping destination for Fabric Sourcing for Yarn Dyed, Piece Dyed and Digitally Printed, Indigo Dyed, Woven and Knit Fabrics.

OUR MISSION

Customer Service, Speed, Innovation, Quality, Reliability, Cost Effectiveness, Sustainability, Green Operations

Argo Manunggal Triasta

PT Argo Manunggal Triasta is the holding company and flagship for the Textile Division where we are consolidating the eight textile companies into various locations in Tangerang, Salatiga, Bandung and Semarang.

We have been consolidating over the past 4 years and this consolidation will continue through 2019 and 2020. Our Strength is in our Comprehensive Textile Product Portfolio and New and Dynamic Team, Renewing Business Relationships, Reviving market reputation and developing a culture to face the current and future challenges head on.

Vision 2020 details our commitment to regain our position as the one stop destination for premium textiles. To achieve this we have planned investments of USD 145 million in Leading Edge, Weaving, Yarn Dyeing, Piece Dyeing and Finishing machinery over the next seven years.

Environmental Care:

- **PT Argo Pantes** supports a responsible environmental program in all its production facilities. We have invested a total IDR 7 billion in waste water treatment and air pollution control.
- We have adopted ongoing measures to reduce waste, lower energy consumption and recycle resources.
- Regular inspections are made to ensure strict adherence to environmental audit regulations.
- This programme has resulted the production of fabrics that meet the world recognised environmental standards.
