The excellence of tempe azaki

1

Clean, bright, and fully dehulled

The soybean that is used in production is already cleaned in cleaning process to remove any dirt and fully dehulled.

3

Crunchier soybeans

With a precise boiling time, the texture of soybeans in the tempe are crunchier

2

Dense texture and tasty

The soybean that is used in production is already cleaned in cleaning process to remove any dirt and fully dehulled.

4

Appealing Food-grade Packaging

High-quality and appealing food-grade packaging gives "high quality" impressions to everyone.
